July 7 & 9, 2020

The We-Fi Governing Committee (GC) held virtual meetings on July 7 and 9, 2020 on We-Fi’s Third Call for Funding. The meetings brought together We-Fi contributor governments, Implementing Partners (IPs), and Observers from UN Women, W20, and Vital Voices. The meeting was chaired by Mathew Haarsager, Deputy Assistant Secretary for International Finance and Development Policy, United States Department of the Treasury, and facilitated by the We-Fi Secretariat, led by Wendy Teleki, Head of Secretariat. 1. Updates from the Secretariat

The Secretariat highlighted that the Third Round for Funding used the newly developed Thematic call for proposals been designed to help IPs focus on the biggest gaps and opportunities in We-Fi’s theory of change and create space for more innovation and partnership development. This round had an initial focus on three themes, 1) Women-led SMEs in Value Chains, 2) Leveraging Disruptive Technologies for WSMEs, and 3) Early Stage Finance. In light of the challenges faced by WSMEs by COVID-19, the Governing Committee agreed to provide a grace period of four weeks in order to allow IPs to consider how the changing context would affect WSMEs and develop COVID-19 specific responses. The Secretariat also indicated that proposals this round demonstrated a material increase in private sector partnerships and use of results-based mechanisms when compared to previous rounds.
